Old Business:

We are still working on the PUD's. The letter from Doug Hughes concerning PUD's noted in our ordinance manual was read and discussed. Total township impact is still of great concern. Jim Cordray will get information from other townships

We were asked to again work on the PUD information for our next meeting.

New Business:

Butch and Lyle will go over the Forest Recreation items in the zoning manual. This entire ordinance will need to be rewritten.
