Perfection of Agenda

Minutes of April 10, 2013 approved as written.

Zoning Administrator: A report was given on the present animal ordinance as per questions by a citizen. This ordinance should be updated to be current.

Planning Member Reports:

Lyle: None.

Jim: None

Barb G: No report and no Recreation Committee report.

Barb V: Absent

Norm: None.

Continuing Business:

We again discussed the codification process for our ordinances. The contract was awarded to General Code and they expect to be at Blue Lake soon for the start of the process. The Planning Commission would like to meet with the representative and the board to determine steps to pursue and information needed and to help with whatever might be needed.

A list of definitions was discussed for the zoning ordinance manual. It was decided that we should wait on any discussions until the codification is nearly completed and follow their recommendations for anything further.

Necessary updates for our zoning manual will also need to wait until the codification is nearly complete so that we will know what changes to make and what recommendations will be offered by General Code.

PUD and Forest Recreation revisions will also be updated and or changed after the codification to better determine our needs.

For information purposes, we discussed a possible problem on Browns Pond Dam. This will be discussed by the Browns Pond Association and the Township Board.

The next meeting will be June 12, 2013

Meeting adjourned at 8:53 PM.

Lyle Monette, Secretary
