

# Laketon Twp Fruitland Twp Dalton Twp Muskegon Twp Blue Lake Twp

## MULTI -TOWNSHIP SCRAP TIRE COLLECTION EVENT

**Date: Saturday May 31, 2014**

**Time: 9:00 am to 2:00 pm**

**Where: Mullally Park, 1850 Horton Rd (49445)**

**Who: RESIDENTS of Laketon, Fruitland, Dalton, Muskegon & Blue Lake Townships ONLY**

**HELP the environment & your community — recycle up to 7 scrap tires— FREE**

**5 Townships collaborate to obtain MDEQ scrap tire disposal GRANT!**

Laketon, Fruitland, Dalton, Muskegon & Blue Lake Townships have teamed up to provide a scrap tire disposal event which is funded by a Michigan Department of Environmental Quality (MDEQ) Grant.

Scrap Tires can harbor mosquitoes that transmit diseases which are harmful to people, pets and wildlife. Scrap tires also blight our natural environment and neighborhoods. It's important to dispose of them properly, or even better....RECYCLE them!

The Grant limits the number of tires that can be accepted to a maximum total of 12,000 tires. Once the maximum number of tires is collected, the townships reserve the right to refuse any other tires.

### REQUIREMENTS:

- Proof of Residency—a photo ID is REQUIRED
- The limit on tires that may be disposed of for recycling is seven (7) standard (car) tires. (as per DEQ regulations)
- Truck (oversized) tires are \$3.00 each
- **NO COMMERCIAL** businesses will be permitted to dispose of tires at this event.

Photos of an area before and after a tire clean up took place. (this location is not in any of our communities) - Let's not let our communities become the "before" photo!
