Continuing Business:

We are waiting to hear from Cooley Law School for information on resources available for our environmental ordinance and when we will start working on it.

Considerable time was utilized in going over the codification notes that we received. We considered all the questions given and made appropriate changes on the questionnaire that was given to us. We discussed each discrepancy and made notes to give the board.

Barb again discussed some changes in the PURD she is working on. It is quite detailed and will require much time to finalize.

No other topics were discussed as much time was devoted to the codification questions.

The next meeting will be October 15, 2014

Meeting adjourned at 9:15 PM.

Lyle Monette, Secretary
